

## Pre-K Kinder Bridge Class

We are excited to offer a bridge class during this time as we transition back to “normal” from the pandemic. This class is for students who are/will be 5 by September 1<sup>st</sup>. Our Bridge students will enjoy a small class size with face-to-face, hands-on learning. This class is not intended to replace kindergarten, but is designed to expand their reading readiness, math, motor, and social skills through interactive learning. We have VERY limited space available for this class. Please contact asap!
