

Pre-K Kinder Bridge Class

We are excited to offer our bridge class for the 2022-2023 school year. Parents whose children participated loved the class and saw so much growth in their kids.

They were also pleased with Ms. Sarah's hands on curriculum and all the fun activities they have done so far. It was a BIG plus that there were no iPad-based activities. Because of this, we would love to offer the class again.

This class is for students who are/will be 5 by September 1st. Our Bridge students will enjoy a small class size with face-to-face, hands-on learning. This class is not intended to replace kindergarten, but is designed to expand their reading readiness, math, motor, and social skills through interactive learning. This will be a fast-paced class and we want kids who are ready and willing to learn.

If you are interested in your child participating, please let us know. Ms. Sarah will be conducting readiness evaluations to be sure that he/she will qualify. Tuition and registration fees are the same as all other classes.
